

Surgery can be hard, let us help make it easier!

With practice locations and facilities across Austin, Houston, Dallas, Fort Worth and the Rio Grande Valley area, TMM is providing excellent service and care at a fair price.

Who We Are

TMM offers competitive, transparent prices on surgical procedures across a broad range of specialties, both outpatient and inpatient.

TMM bundled prices include the surgeon consultation and follow-up visits in addition to all the surgical fees (facility, surgeon, anesthesia, implants, pathology, etc)

TMM partners with surgeons who are peer-selected by our surgeon board for their expertise, patient outcomes, and reputation for great customer service. We believe that removing the impediments to a good doctor-patient relationship will improve healthcare for all of us.
